

# PROGRAM ELIGIBILITY GUIDELINES

The 2023/24 High Performance Program will provide support to eligible same-gender, four-person youth teams tracking towards national podium performances. The Program will normally consist of eight (8) teams, selected from four (4) non-gender specific pathways. Selection will ensure a sufficient number of U18 eligible and U21 eligible teams are invited into the Program.

- Athletes must be maximum 20 years of age on June 30, 2024.
