Curling Canada's Long-Term Curler Development model identifies the LTCD stage for the Under-9 age group as 'FUNdamentals' and the Under-12 age group as 'Learn to Train'. These two stages focus on fair play and development of athletes and coaches. Hit Tap Draw and Triple/Fours are the recommended competitions for these two age groups.

Triples Curling is an exciting new discipline that has been developed by Curling Canada. Curling Canada has partnered with NS Curling to Pilot this initiative in 2026. Any questions regarding this event should be directed to Jill Brothers, NS Curling Technical Director.

- 8) The Free Guard Zone (5-rock rule) will NOT be in effect. The No-Tick rule will NOT apply.

RANKING & DRAW PLACEMENT PROCEDURE

- 1) Every effort will be made to pair players with the teammates requested during registration.
- 2) Formed teams will be placed into the draw by random selection.

GAME TIMING

- 1) Games will not be timed. Pace of play may be managed. Youth Leaders, please discuss ready curling with your team.
- 2) There will not be a mid-game break.

PRE-GAME CALL

- 1) Twenty (20) minutes prior to the scheduled game time, when announced, Youth Leaders and their players will report to the designated coin toss area to:
 - a) Confirm their line-up and readiness to play
 - b) Receive any instructions.
 - c) Participate in a coin toss. The winner of the coin toss will select either:
 - i. practice order AND which side of the sheet they will practice on, OR
 - ii. stone handle colour.
- 2) A draw to the button competition will be used to determine last stone advantage in the first end.
- 3) Pre-game practice will begin immediately following the pre-game call.

PRE-GAME PRACTICE

- 1) Pre-game practice will begin immediately following the pre-game call.
- 2) A unique feature of Triples is that both teams practice at the same time, with one team throwing on the left side of the sheet and the other on the right side of the sheet. This process reduces the time required to the point that it should take no more than 10 minutes.
- 3) The two teams alternate throwing their practice stones, just as they would in a game.
- 4) The practice throwing order is pre-determined during the coin toss:
 - a) Under 9 - each player throws two (2) stones towards the glass.
 - b) Under 12 - each player throws two (2) stones up, and two (2) stones back.
- 5) Chaperones are allowed access on the ice surface during practices, with appropriate curling footwear.

LAST STONE DRAW (LSD)

- 1) Last stone advantage in the first end will be decided by a draw to the button contest immediately following the pre-game practice.
- 2) LSD throwing order:
 - a) Under 9 - The Lead player for each team throws one (1) LSD. The team that threw first in the pre-game practice will throw the first LSD.
 - b) Under 12 – All three players are required to throw an LSD. The Lead will throw prior to Game 1; the Middle player will throw prior to Game 2; and the Skip will throw prior to Game 3.
- 3) If both players cover the pin or miss the house (non-measurable stone), a different player on each team will throw one (1) LSD. This process is repeated until a stone can be measured.

GAME STRUCTURE

- 1) Under-9 Throwing Order:
 - a) players are required to rotate positions for each Game. Teams can determine which player starts at each position in Game 1. However, from that point onward the rotation of players must be as follows:
 - i. Game 1: Player 1 = Lead, Player 2 = Middle, Player 3 = Skip
 - ii. Game 2: Player 3 = Lead, Player 1 = Middle, Player 2 = Skip
 - iii. Game 3: Player 2 = Lead, Player 3 = Middle, Player 1 = Skip
- 2) Under-12 Throwing Order:
 - a) players are required to rotate positions for each End of the game. Teams can determine which player starts at each position in End 1. However, from that point onward the rotation of players must be as follows:

- i. End 1: Player 1 = Lead, Player 2 = Middle, Player 3 = Skip
- ii. End 2: Player 3 = Lead, Player 1 = Middle, Player 2 = Skip
- iii. End 3: Player 2 = Lead, Player 3 = Middle, Player 1 = Skip

3) Positional Duties:

- a. Lead - throws the first two stones of the end, sweeps the next four stones.
- b. Middle - sweeps the first two stones of the end, throws the next two stones, holds the broom for the last two stones.
- c. Skip - holds the broom for the first four stones of the end, throws the last two stones.

4) Sweeping:

- a. the current moratorium on brush heads is NOT in effect. Hairbrushes cannot be used.
- b. only one player (i.e. the current sweeper) is allowed to sweep a stone until it reaches the far hog-line. After that point, one additional player (i.e. broom holder or thrower) can join in.

5) Scoring:

- a) Scoring in Ends one (1) and two (2) is the same for traditional curling.
- b) End 3 is known as the Golden End. Beyond adding excitement, the Golden End helps to ensure that games go the distance, with all players having the opportunity to play an end at each position.
- c) Any points scored in the Golden End are doubled. Examples: if a team scores 1 point, 2 points are awarded; if a team scores 2 points, 4 points are awarded, etc.

6) Tied Games:

- a) if the game is tied after the Golden End, a team shootout is used.
- b) the shootout involves all players from both teams, throwing alternating draws to the button.
- c) the throwing order and positional duties are the same as the Golden End. The team that scored last will throw first stone in the shootout.
- d) the sweeping rules are the same, except you cannot sweep the opposition stone behind the t-line.
- e) each stone is scored as follows:
 - i. 5 points (touching button)
 - ii. 4 points (touching 4-foot)
 - iii. 3 points (touching 8-foot)
 - iv. 2 points (touching 12-foot)
 - v. 1 point (in Free Guard Zone).
