This appendix is subject to review and evaluation, at a minimum, on an annual basis. The rules for one year's championship will not be construed to give or imply any right for future championships. The NS Curling policy is to publicize its rules in advance of the competition affected by those rules. Any mistakes, omissions or ambiguity may be subject to clarification by the Competition Advisory Panel. This appendix can be deemed final 14 days prior to the start of the championship.

See below for competition specific details that are in effect for both the Men's and Women's championship. The rules and details contained in the main body of the Competition Guide apply to this competition. In the event there is a perceived conflict between the Competition Guide and this appendix, this appendix is considered first.

NS Curling Competition Advisory Panel Decision (August 4, 2023)

Whereas, the triple knockout format may NOT produce an obvious third-place ranked team (i.e. where the two teams who lost the 'C Event' semi final have progressed to the same position in the draw), therefore, in a triple knockout format the following procedure shall be used to determine the third and fourth ranked team.

- 1) Teams will first be ranked according to their overall event win/loss record, the team with the most event wins will be ranked higher,*
- 2) If the teams have the same number of event wins, the team with the best record of the games played between each other shall be ranked higher;*
- 3) If rankings cannot be determined by 1 or 2 above, ranking will be determined using the Accumulated Draw Shot Distance.*
